HARDING TOWNSHIP RECYCLING CENTER

Municipal Garage Yard, Millbrook Rd., New Vernon

PLEASE NOTE:

- By making recycling as convenient as possible, Harding hopes to boost its recycling rate and reach state goals. Our Recycling Center will maintain its expanded hours. You may continue to bring glass, plastic bottles, aluminum and steel mixed together (commingled) in one container.
- As of January 1, 2011, a new law will prohibit computers, monitors, laptops & televisions to be put out for trash collection. Proper disposal of these items is required. **ALL E-WASTE IS NOW ACCEPTED AT THE TWP RECYCLING CENTER.**
- Thank you for cooperating with our recycling efforts. Recycling is mandated by state, county and municipal laws. Most importantly, it benefits our community and environment, now and in the future. Fines can be issued to those who don't comply.
