#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of the Township Committee Township of Harding County of Morris New Vernon, New Jersey 07976

We have audited the accompanying financial statements - statutory basis of the various individual funds and the account group of the Township of Harding, County of Morris, New Jersey as of and for the years ended December 31, 2008 and 2007, and for the year ended December 31, 2008 as listed as financial statements - statutory basis in the foregoing table of contents. These financial statements - statutory basis are the responsibility of the management of the Township of Harding, County of Morris. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial statements contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Township of Harding, County of Morris, prepares its financial statements on a prescribed basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

# SUPLEE, CLOONEY & COMPANY

In our opinion, because the Township of Harding prepares its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with generally accepted accounting principles, the financial position of the various individual funds of the Township of Harding as of December 31, 2008 and 2007 or the results of its operations and changes in fund balance for the years then ended or the revenues or expenditures for the year ended December 31, 2008.

However, in our opinion, the financial statements - statutory basis present fairly, in all material respects, the financial position - statutory basis of the various individual funds and account groups of the Township of Harding, County of Morris, as of December 31, 2008 and 2007, and the results of its operations and changes in fund balance - statutory basis for the years then ended and the revenues, expenditures and changes in fund balance - statutory basis for the year ended December 31, 2008, on the basis of accounting described in Note 1.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated July 13, 2009 on our consideration of the Township of Harding's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and important for assessing the results of our audit.

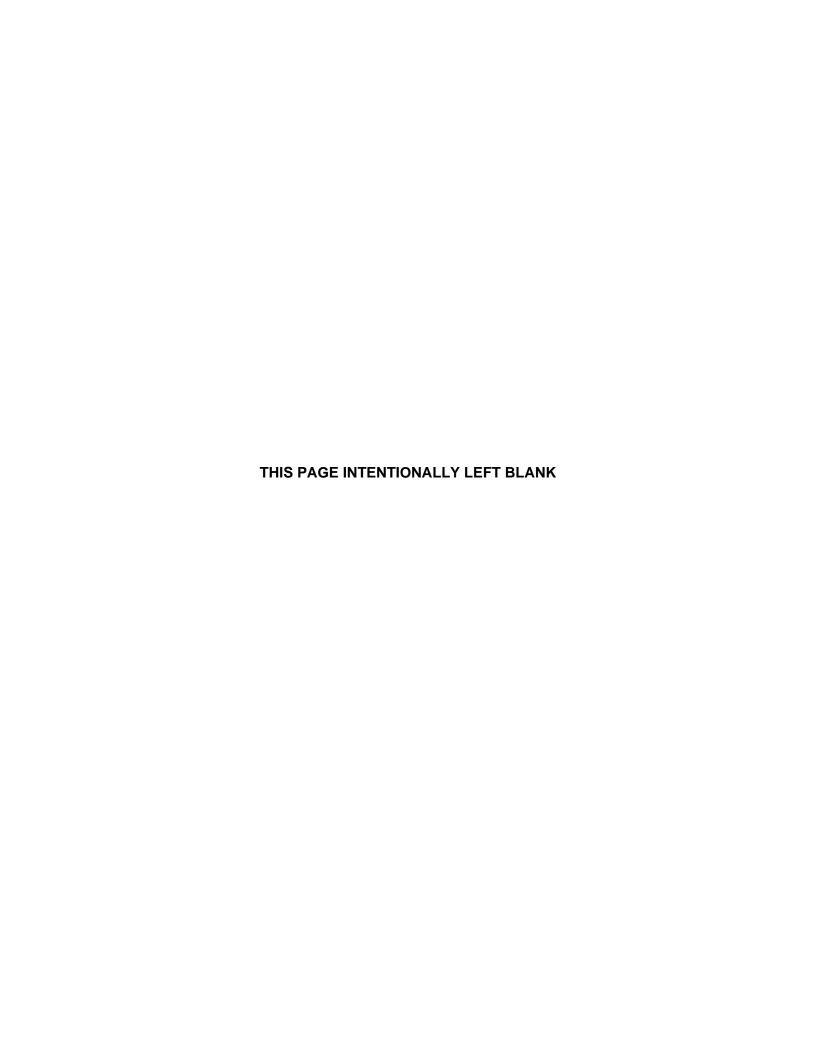

Our audit was made for the purpose of forming an opinion on the financial statements - statutory basis taken as a whole. The information included in the schedules of expenditures of federal awards and state financial assistance and the other supplementary schedules and data listed in the table of contents is presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and is not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

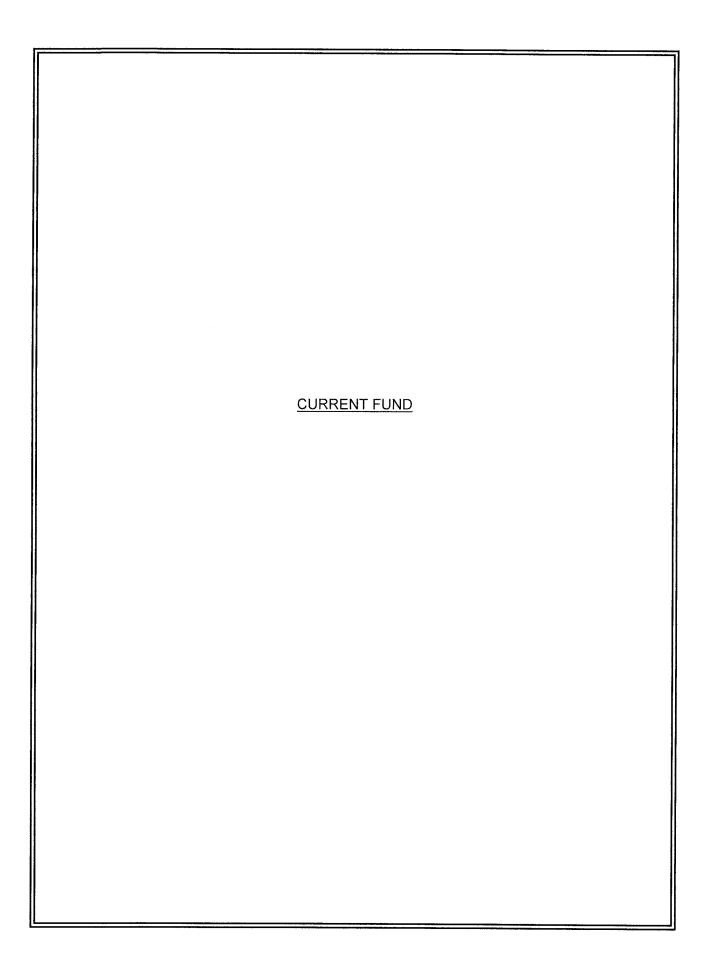

This report is intended for the information of the Township of Harding, County of Morris, New Jersey, the Division of Local Government Services and federal and state audit agencies and is not intended to be and should not be used by anyone other than these specified parties.

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2008 AND 2007

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Reporting Entity

The Township of Harding is an instrumentality of the State of New Jersey, established to function as a municipality. The Township Committee consists of elected officials and is responsible for the fiscal control of the Township.

Except as noted below, the financial statements of the Township of Harding include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of Harding, as required by N.J.S.A.40A:5-5. Accordingly, the financial statements of the Township of Harding do not include the operations of the regional and local boards of education, inasmuch as their activities are administered by separate boards.

### B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Township of Harding conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Township of Harding are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services the Township accounts for its financial transactions through the following individual funds and account groups:

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including grant funds.

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### B. Description of Funds (Continued)

<u>Trust Fund</u> - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

<u>General Capital Fund</u> - receipts and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

<u>Sewer Operating and Capital Funds</u> – account for the operations and acquisition of capital facilities of the municipally-owned sewer utility.

<u>Public Assistance Fund</u> - receipt and disbursement of funds that provide assistance to certain residents of the Township pursuant to Title 44 of New Jersey statutes.

<u>General Fixed Assets Account Group</u> - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

### C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows: A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and State grants are realized as revenue when anticipated in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amount that are due the Township, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Expenditures - are recorded on the "budgetary" basis of accounting. General expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31<sup>st</sup> of each year and recorded as liabilities, except for

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### C. Basis of Accounting (Continued)

amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

<u>Encumbrances</u> - Contractual orders at December 31 are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

<u>Foreclosed Property</u> - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

<u>Sale of Municipal Assets</u> - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

General Fixed Assets – N.J.A.C. 5:30-5.6 Accounting for Governmental Fixed Assets, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Township as part of its basic financial statements. General fixed assets are defined as non-expendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$500.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage system are not capitalized. No depreciation has been provided on general fixed assets or reported in the financial statements. General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Asset Account Group rather than in a governmental fund.

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### C. Basis of Accounting (Continued)

The Township has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm and updated by the Township. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Land is stated at the assessed value contained in the Township's most recent property revaluation.

Expenditures for construction in progress are recorded in the Capital Fund until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

<u>Inventories of Supplies</u> - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

### Fixed Capital - Sewer Utility

Accounting for utility fund "fixed capital" is done in compliance with N.J.A.C. 5:30-5.6. Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized.

The balance in the Reserve for Amortization account in the utility capital fund represents changes to operations for the cost of acquisitions of property, equipment, and improvements. The utility does not record depreciation on fixed assets.

### D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from financial statements required by GAAP.

### NOTE 2: CASH AND CASH EQUIVALENTS

The Township considers petty cash, change funds, and cash in banks as cash and cash equivalents.

### A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Under GUDPA, if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

The Township of Harding had the following cash and cash equivalents at December 31, 2008:

<u>Fund</u>		Cash In Bank		Change Fund	<u>Total</u>		
Current Fund Grant Fund Animal Control Trust Fund Trust Other Fund General Capital Fund Sewer Utility Operating Fund Sewer Utility Capital Fund Public Assistance Trust Fund	\$	4,436,089.78 115,139.19 9,434.28 3,467,336.47 1,883,215.40 250,741.44 81,888.27 6,325.34	\$	250.00	\$ 4,436,339.78 115,139.19 9,434.28 3,467,336.47 1,883,215.40 250,741.44 81,888.27 6,325.34		
Total	\$_	10,250,170.17	\$ _	250.00	\$ 10,250,420.17		

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Township does not have a specific deposit for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2008, based upon the coverage provided by FDIC and NJGUDPA, \$36,048.23, deposited in an MBIA account, was exposed to custodial credit risk. Of the cash balance in the bank, \$250,000.00 was covered by Federal Depository Insurance and \$9,964,121.94 was covered by NJGUDPA.

### NOTE 2: CASH AND CASH EQUIVALENT (CONTINUED)

### B. Investments

The purchase of investments by the Township is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
- 5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by Local Units.

### NOTE 2: CASH AND CASH EQUIVALENT (CONTINUED)

### B. Investments (Continued)

- 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
- 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c. 281 (C. 52:18A-90.4); or
- 8. Agreements for the repurchase of fully collateralized securities if:
  - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
  - b. the custody of collateral is transferred to a third party;
  - c. the maturity of the agreement is not more than 30 days;
  - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c. 236 (C. 17:19-41); and
  - e. a master repurchase agreement providing for the custody and security of collateral is executed.

The Township of Harding's investment activities during the year were in accordance with the above New Jersey Statute.

Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the Township is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risk for its investments nor is it exposed to foreign currency risk for its deposits and investments.

### NOTE 3: LONG-TERM DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond Anticipation Notes, which are issued to temporarily finance capital projects, shall mature and be paid off within ten years or financed by the issuance of bonds. In addition, the Township has entered into a loan agreement with the State of New Jersey. The monies received from this loan are used to finance the Blue Mill Fields acquisition by the Township.

### NOTE 4: FUND BALANCES APPROPRIATED

Fund balance at December 31, 2008 which was appropriated and included as anticipated revenue in its own respective fund for the year ending December 31, 2009 was \$2,125,000.00 for the Current Fund and \$54,900.00 for the Sewer Utility Operating Fund.

### NOTE 5: PROPERTY TAXES

Property Taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and payable in four installments on February 1, May 1, August 1 and November 1. The Township bills and collects its own property taxes and also the taxes for the County and the Local High School District. The collections and remittance of county and school taxes are accounted for in the Current Fund. Township property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Township's Current Fund.

Taxes collected in advance - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

		Balance		Balance
	<u>Dec</u>	ember 31, 2008	D€	cember 31, 2007
Prepaid Taxes	\$	291,324.58	\$	260,637.65

### NOTE 6: PENSION PLANS

Township employees, who are eligible for a pension plan, are enrolled in one of two pension systems administered by the Division of Pensions, Treasury Department of the State of New Jersey. The plans are: the Public Employees' Retirement System and the Police and Firemen's Retirement System. The Division annually charges participating government units for their respective contributions to the plans based upon actuarial methods. Certain portions of the costs are contributed by the employees. The Township's share of pension, which is based upon the annual billings received from the state, amounted to \$378,266.60 for 2008, \$240,174.00 for 2007, \$145,020.00 for 2006.

Township employees are also covered by the Federal Insurance Contribution Act.

Information as to the comparison of the actuarially computed value of vested benefit with the system's assets is not available from the State Retirement System and, therefore, is not presented.

### NOTE 7: COMPENSATED ABSENCES

Effective January 1, 1987, the members of the Harding Township Police Department shall be entitled to compensable sick leave of eighteen (18) days per year to be cumulative up to a maximum of three hundred (300) days. For the period of January 1, 1973 through December 31, 1986, the members shall be entitled to compensable sick leave of twenty-four (24) days per year to be cumulative up to a maximum of two-hundred and seventy (270) days.

Those members who retire having attained both the required age and years of service, upon retirement shall be eligible to receive one (1) day's pay, at his or her then rate of pay, for every three (3) days of accrued unused sick leave based on the accrual rate of a maximum of eighteen (18) days per year to be cumulative up to a maximum of three hundred (300) days.

For purposes of the terminal leave payment calculation only, the eighteen (18) days per year specified above shall also apply to the period January 1, 1973 through December 31, 1986.

For all other full-time employees the following policy is in effect:

At the end of each calendar year, an employee's unused sick time is added to the allotment for the following year. Employees are entitled to accumulate up to a maximum of 100 days.

The accumulation continues indefinitely and employees will be paid for their total accumulated unused sick time based on the following table up to a maximum of \$10,000, whichever is less. Upon retirement in good standing with 15 years or more of total service with Harding Township, full time non-contractual employees will be compensated for unused accumulated sick leave, not to exceed 100 days, based upon the individual's regular rate of pay at the time of retirement according to the following payout schedule.

After 15 years of continuous service – 30% of accumulated sick time capped at \$5,000.

After 20 years of continuous service – 40% of accumulated sick time capped at \$7,000.

After 25 years of continuous service – 50% of accumulated sick time capped at \$10,000.

The Township has estimated the liability for unpaid sick pay to be \$459,128.00 and \$459,227.00 at December 31, 2008 and 2007, respectively, for the police department and \$44,130.00 and \$237,895.00, at December 31, 2008 and 2007, respectively, for other employees. In accordance with New Jersey principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

### NOTE 8: DEFERRED COMPENSATION PLAN

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Township employees, permits them to defer a portion of their salaries until future years. The Township does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the Township's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

All assets of the Plan are held by an independent administrator, the Equitable Life Assurance Society of the United States (the "Equitable").

The accompanying financial statements do not include the Township's Deferred Compensation Plan activities. The Township's Deferred Compensation Plan is fully contributory and the Township has no liabilities in conjunction with the plan.

### NOTE 9: LITIGATION

The Township Attorney's letters did not indicate any litigation, claims or contingent liabilities which would materially affect the financial statements of the Township.

### NOTE 10: TAX APPEALS

There are tax appeals filed with the State Tax Court of New Jersey requesting a reduction of assessments for 2008. Any reduction in assessed valuation will result in a refund of prior years taxes in the year of settlement, which may be funded from current tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.40A:2-51.

### NOTE 11: CONTINGENT LIABILITIES

The Township participated in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in detail in Part II, Report Section of the 2008 audit. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2008, the Township does not believe that any material liabilities will result from such audits.

### NOTE 12: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of; damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance — The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. Below is a summary of Township contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the Township's expendable trust fund for the current and previous two years:

<u>Year</u>	Interest on Deposits	Employee Contributions	Amount Reimbursed	Ending <u>Balance</u>
2008	\$ 990.98	\$	\$ 23,493.70	\$ 37,856.28

### NOTE 13: INTERFUND RECEIVABLES AND PAYABLES

Interfund receivable and payable balances consisted of the following at December 31, 2008:

<u>Fund</u>		Interfund Receivable		Interfund Payable
Current Fund Grant Fund Animal Control Trust Fund		36,696.23	\$	12,024.61 0.26 449.58

	\$	48,720.84	\$_	48,720.84

All interfund balances resulted from the time lag between the dates that payments between funds are made.

### NOTE 14: DEFERRED CHARGES TO BE RAISED IN SUCCEDDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2008, the following deferred charges are shown:

### NOTE 15: GASB 45 – OTHER POST-RETIREMENT BENEFITS

The Township provides Post Retirement Benefits to certain employees, per the terms of their various labor agreements. Commencing with the year ending December 31, 2008 the above noted post employment benefits require the Township to implement the note disclosure provision of GASB Statement 45, "Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pension." This statement which was adopted during 2004 by the Government Accounting Standard Board (GASB) requires the Township to disclose in the notes of the financial statements the future cost of the other post employment benefits (OPEB) on a present value basis instead of the present pay as you go method. OPEB obligations are non-pension benefits that the Township has contractually agreed to provide employees once they have retired.

The future value of benefits paid is not required to be reported in the financial statements as presented and has not been determined, but is probably material. Under current New Jersey budget and financial reporting requirements, the Township will not have to provide any amounts in excess of their current cash costs or recognized any long-term obligations on their balance sheets.

The Township's expense for the post-retirement portion of health benefits billings for the years ended December 31, 2008, 2007, and 2006 were \$106,593.58, \$127,562.64, and \$126,242.09 respectively.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Township Committee
Township of Harding
County of Morris
New Vernon, New Jersey 07976

We have audited the accompanying financial statements - statutory basis of the Township of Harding, County of Morris, New Jersey as of and for the year ended December 31, 2008, and have issued our report thereon dated July 13, 2009. Our report disclosed that, as described in Note 1 to the financial statements, the Township of Harding prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. We conducted our audit in accordance with U.S. generally accepted auditing standards, audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Harding's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township of Harding's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township of Harding's internal control over financial reporting.

## SUPLEE, CLOONEY & COMPANY

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the statutory basis of accounting prescribed by the Division of Local Government Services, Department of Local Government Services, Department of Community Affairs, State of New Jersey such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Harding's financial statements - statutory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>. However, we noted immaterial instances of noncompliance which is discussed in Part III, General Comments and Recommendations Section of this report.

This report is intended solely for the information of the Township of Harding, County of Morris, New Jersey, the Division of Local Government Services and federal and state audit agencies, and is not intended to be and should not be used by anyone other than these specified parties.

### GENERAL COMMENTS

### CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR (N.J.S.A.40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c. 198 (C.40A:11-3), except by contract or agreement.

Effective July 1, 2005, the bid threshold in accordance with N.J.S.A. 40A:11-4 is \$21,000.00. Effective January 16, 2008, the bid threshold in accordance with N.J.S.A. 40A:11-3 was increased to \$29,000.00 by resolution of the governing body.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$29,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Solid Waste Collection Reconstruction of Driveway – Municipal Building Lighting Replacement and Occupancy Sensors – Municipal Building

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring or any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our audit of expenditures did not reveal any individual payments, contracts or agreements in excess of \$29,000.00 "for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6".

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 for the following services:

In addition, purchases utilizing state contracts and county co-ops were made for the following:

# COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 4, 2008 adopted the following resolutions authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED by the Mayor and Committee of the Township of Harding, as follows:

- 1. Taxes shall be collected quarterly on February 1, May 1, August 1 and November 1.
- 2. Payment of taxes shall be remitted to the Tax Collector of the Township of Harding.
- 3. Interest shall be charged and calculated at the rate of 8% per annum on first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00, to be calculated from the date the tax was payable until the date of actual payment received.
- 4. There shall be a 10 day grace period, after which unpaid taxes will be charged interest from the due date.
- 5. Redemption fee for Tax Sale Certificates to the Municipality as follows:
  - 2% on Certificates \$200.00 to \$4,999.99
  - 4% on Certificates \$5,000.00 to \$9,999.99
  - 6% on Certificates over \$10,000.00
- 6. Redemption amounts shall be obtained from the Tax Collector. A \$25.00 fee will be charged for each additional request for a redemption calculation.
- 6a. Duplicate Tax Sale Certificate \$100.00 fee
- 6b. In lieu of publication, notice of tax sale to be mailed \$25.00 fee
- 7. Bad check fee of \$20.00 shall be charged on all returned checks.
- 8. The Township Clerk is hereby directed to publish a copy of this resolution.

### **DELINQUENT TAXES AND TAX TITLE LIENS**

The last tax sale was held on November 19, 2008 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made up of the number of tax title liens receivable on December 31, of the last three years:

<u>Year</u>	Number of Liens
2008	0
2007	0
2006	0

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.

### **VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES**

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

#### Type

Information Tax Positive Confirmation	25
Delinquent Tax Positive Confirmation	20
Information Utility Positive Confirmation	10
Delinquent Utility Positive Confirmation	10

### OTHER COMMENTS

Transactions invariably occur in one fund which require a corresponding entry to be made in another fund, thus creating interfund balances. Reference to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year. It is the Township's policy to review and liquidate all interfund balances on a periodic basis.

### OTHER COMMENTS (CONTINUED)

The Fixed Assets Ledger has not been updated to reflect the purchase, retirement, or sale of improvements, buildings, machinery, and equipment that may have occurred during 2008. Land is not included in the Township's Fixed Assets Ledger, but a listing of Land is calculated and prepared by the finance office upon request during the audit.

Two contracts that exceeded the bid threshold, purchasing items through a County Cooperative Purchasing Agreement, were not awarded by resolution of the governing body.

Our test of paid vouchers disclosed the following instances of noncompliance. We noted that numerous purchase orders are processed as confirming orders. This is where goods have been received or services have been rendered prior to the issuance of a purchase order. In effect, the controls that minimize the possibility of over expenditures and unauthorized purchases are not in operation.

## **RECOMMENDATIONS**

That a complete record of General Fixed Assets be maintained on a continuous or annual basis in compliance with N.J.A.C. 5:30-5.6

That all contract awards in excess of the bid threshold be awarded by resolution of the governing body.

That the practice of issuing confirming orders be discontinued.
